Wow\u2026 you are such a great detective of the paranormal that even Death himself hires you for jobs! Seems in this case a bunch of individuals have somehow run and hidden themselves from Death. This is bad, as apparently there is a Balance to maintain, and those that die make way for those that will live. In other words, by running from Death, some babies cannot be born into the world. Worse still, this will eventually trigger a crack in Time itself\u2026

Better get to work.

An exciting plot, fun HO scenes, and challenging minigames await.
